Dear Bill:

Your attention is called to Part V of the Schedule to Contract FS-99 which requires negotiations to fix the final contract price after the third team has been trained or upon expenditure of 75% of the contract price whichever occurs first.

We anticipate your proposal in the near future but even before receipt of same it is felt that the present contract price of $458,147.00 should be established as the ceiling price on the subject contract.

Your comments are requested.

Yours very truly,

George
